**NEW
TIMES!**

Dinner: Chicken Pacific

Cost: \$18.00

Would you or someone you know like to be a guest speaker at a section meeting? Is there a topic you would like to hear about? If so contact clivegraham@msn.com

No, you didn't miss it. There was no January meeting due to snow, someplace.

Board Meetings

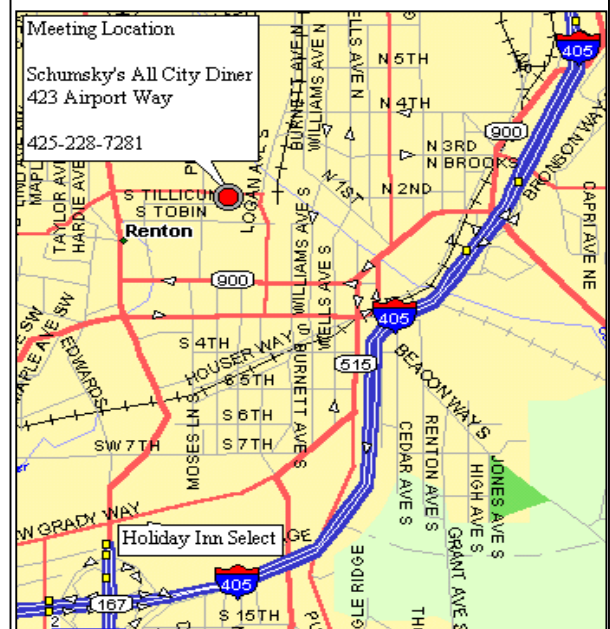

Board of directors meetings are open to all members.

E-Mail

The newsletter is being sent to the email address you provided to national. If you would like it sent elsewhere please send a correction to emery100@msn.com.

If you know of someone who should be an ASNT member and would like to get a copy of the newsletter please contact emery100@msn.com.

February, 2002

Past Events

Thirty Five members and guests gathered at Gillian's Billiard Palor for the December 2001 Christmas party. A buffet of cold cuts, cheeses, breads, spreads, and salads was available in the wait for Santa. Santa was kind to all this year, especially to Bob Swisher who won the \$30 door prize. Bob Ammerman and Tim Hurt were winners of the billiard tournament. Their winnings were donated to the section so let's hear it for two big hearted winners.

Hints and Tips

Do you have a helpful hint that might help other technicians? It could be here next month. Submit it to Emery E. Roberts at emery100@msn.com.

Help Information:

Monthly Graph: This graph shows the traffic to your site on a per-month basis over the last 12 months. If your site has been operational for less than that amount of time, the months for which data is available are reported on. The bar graph elements represent Visitors by default, and can be toggled to Pageviews, Hits, or Bytes transferred (bandwidth).

A Seminar on Radiation Safety

A Program for Technicians, Radiographers, Radiation Safety Officers and Managers

Saturday, March 23, 2002

Renton Holiday Inn

Objective

The objective of this seminar is to provide the radiographer with eight hours of information designed to help reduce over-exposure, the risk of over-exposure, and provide safety officers and managers with a refresher course on the subject. This course is designed to comply with the radiation safety refresher training requirements of industry and each participant will be provided a certificate of attendance upon completion of the seminar.

Subjects Covered

Necessity for a Seminar on Radiation Safety; Radiation Equipment; Effect of Radiation Exposure; Government Radiation Regulations; Fundamentals of Radiation Safety; Radiation Detection Equipment; and Transportation Requirements.

Speakers

Speakers will include people from the State of Washington DOH, Radiation Control Division; University of Washington, Pacific Northwest Laboratories, Boeing, equipment manufacturers.

Pre-registration at 7:30 AM with coffee and pastries. Lunch will be included in the program.
