SECTION NEWS

Electronic Newsletter Distribution

We would like to stop sending you paper copies of the monthly newsletter. Please send email to secretary@asntpnws.org so you can be removed from the paper newsletter mailing list. Include the following information:

1. Name
2. The fact that you want to stop getting the paper copy
3. Email address to receive email copies only.

Most company email servers will not accept email unless it has a specific address such as you@server.com.

++++
If your E-mail address has changed, please E-mail the changes to the Chapter's Sec. at secretary@asntpnws.org

++++
Update the section roster and database by going to <http://www.asntpnws.org/memberfi.html>.

++++

SECTION WEB SITE ADDRESS

<http://www.asntpnws.org/>

++++

A THANK YOU AND JOB WELL DONE TO PETER DON OF [PHYSICAL ACOUSTICS](#) FOR AN EXCELLENT PRESENTATION AT THE OCTOBER MEETING.

++++

Flynn Spears was honored at the Fall Conference for entering the Class of 2003-04 ASNT Fellows. Give FLYNN an atta'boy when you see him.

++++

Level III certificates

Certificates are available at each meeting to document your meeting attendance for Level III renewal points. See an officer for details.

++++

Section Photo Collage

Anyone that has any old photos of past local ASNT people/functions or anything that maybe interesting for a section photo collage, please contact [Lynn Graham](mailto:Lynn.Graham). She would like to put together something nice for the section and is asking for your help in doing so. Thanks very much. Lynn can be reached at (253) 813-1811.

PAST EVENTS

Thirteen members and guests gathered at the All City Diner in Renton on October 9, 2003. Technical topic for the evening was "Acoustic Emission basics. An interesting hands on demonstration involving pencil lead, an hour glass, duct tape and acetone involved four attendees. An excellent presentation and interesting topic was given by Peter Don of Physical Acoustics. Physical Acoustics recently acquired ConAm Inspection. A ticket for a free dinner was won by Steve Coles of EKOS Corporation.

Hints and Tips

Do you have a helpful hint that might help other technicians? It could be here next month. [Submit it to the Section secretary.](#)

PRESS RELEASE

FOR IMMEDIATE RELEASE

Caliber Inspection achieves NADCAP accreditation in response to new Boeing Aerospace requirements

Caliber Inspection, a leading provider of testing and inspection services based in Seattle, announced today it has **received full approval and accreditation from the National Aerospace and Defense Contractors Accreditation Program-NADCAP.**

Caliber Inspection, is one of the largest Nondestructive Testing and Inspection firms in the Northwest, and supports a wide range of aerospace suppliers throughout the United States and Canada. Caliber Inspection provides highly technical services such as the ultrasonic and radiographic inspection of complex aerospace parts and assemblies for commercial and military aerospace manufacturers.

NADCAP, represents several prime aerospace manufacturers including The Boeing Company, Northrup Grumman, Cessna and others now requiring NADCAP accreditation for aerospace suppliers.

The company, which was formed in 1999, continues to grow and add to its employee base in the Seattle area despite the general aerospace climate. The company is also one of the largest Northwest based providers of nondestructive testing and inspection services to major transportation, construction, nuclear and other heavy industrial clients throughout the region.
